

Remarks

Claims 1-100 are pending in this application. New claim 101 has been added to obtain claim coverage commensurate with the scope of the invention. Support for claim 101 is found in claim 96. Specifically, claim 101 uses the terms "gas filtration vessel" which more accurately describes a "baghouse" and "filter media" which more accurately describes a "filter bag." Those in the industry readily acknowledge that "gas filtration vessel" and "filter media" are common terminology in the industry. Accordingly, no new matter is added. Claim 101 is also supported in the specification on page 13 lines 22-30.

Respectfully submitted,
